

## Educational Choices

### INFO SESSIONS

We invite parents who have children in public school to attend one of our monthly info sessions.

Our presentation is an introduction to educational choices that are alternatives to public school. A general overview is provided.

Our goal is to encourage parents to consider the options when it comes to their child's education.

### ADVISORS

The next step for parents who attended one of our info sessions is to book a 1-on-1 meeting with an Advisor.

This gives parents a chance to ask specific questions that may have not been covered at our info session.

Our volunteer advisors have experience and knowledge in home schooling or distance learning.

### RESOURCE LIBRARY

In our office we will have a nook full of resources for home schooling. These materials are examples of what books are available.

## Parent Power Hour

### PARENT SHOW

We bring 3 to 5 parents, teachers and/or experts together to discuss news relevant to parents today. Kari Simpson is our recurring presenter who invites guests each month.

We provide parents a platform to speak out on current parental issues and to educate viewers with perspectives from people in the know.

## ParentUp

### SEX ED RESOURCES

ParentUp is in the planning stages of creating a SexEd resource for parents to use in the home to educate their children.

It is our goal that parents take a lead role in teaching their children about sex and equipping them with knowledge before they learn it in school.

Our materials will be scientifically sound and age appropriate. Parents will be able to use the resources to customize their own lessons.

## Parent Alert!

### INFO SESSIONS

We invite parents who have children in public school to attend one of our monthly info sessions.

Our presentation is an introduction to SOGI 123. We cover examples of the lesson plans and resources that are being used by teachers in BC classrooms.

Our goal is to educate parents on the harmful ideology and to encourage them to take an active role in their child's education.

### HOTLINE

Call us at (604) 933-9414 if your child has had a negative experience in the classroom regarding SOGI 123 or SexEd.

Together we will expose sex activists teachers and the SexEd programs that come into the schools without parental consent.

### ALERT TO ACTION

Join our network of parents who are taking action to stop SOGI 123! We alert parents when there is something happening in their child's school, community or local government so they can join in the movement.

## Join PUC!

Become a member and support our efforts with your \$25 annual membership fee.

## What you get!

Our monthly newsletter in your inbox with updates on what PUC is doing, alerts and our action plan.

To be a part of the network we are building to protect parents rights.

Knowing that you have helped by supporting our programs that engage, equip and inform parents.

## Subscribe

## What can Parents do?

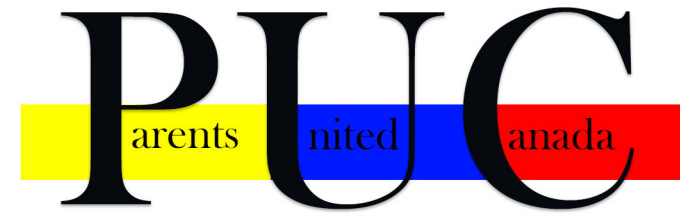

**JOIN YOUR PAC** so you can have influence on what is happening in your school.

**SCHOOL TRUSTEES** – encourage them to know the facts and formulate policy that ensures that schools are safe, free of bullying, and free from social engineering. Hold your school trustees accountable for formulating policy that ensures the health, safety and well-being of every child.

**PRESENTATIONS** – check who is making presentations in your child's school. (*Speakers, Sex Educators...*)

**DECLARATION of FAMILY RIGHTS** – place a copy of this form on your child's file. Let Parents United Canada know if you receive any resistance from the principal.

**INFORM OTHER PARENTS** – distribute flyers to other parents to inform them about SOGI 123.

## Parents United Canada strives to:

- **promote** the prior rights of parents in all matters related to their minor child(ren).
- **protect** the right and duty of parents to set goals, services and policies in matters related to education.
- **inform** parents about issues affecting the family.
- **support** parents to defend their children, their values and their freedoms, including the right to speak their minds freely.
- **prepare** our constituents to become an effective and influential public voice.
